

GEAR Cirque Aerial Bungee One Year Limited Warranty

GEAR Cirque Aerial Bungees are designed to operate within specified parameters for thousands of stretch cycles however, due to the variable properties of natural rubber used in fabrication and variances in user application, no service life warranty is implied.

Limited one year re-core is available for a service charge of \$35.00 per re-core. Any components other than the rubber core or outer binding requiring replacement due to damage or excessive wear and tear carry an additional charge for labor and materials.

Re-coring cannot be implemented without replacement of all other components showing damage or excessive wear and tear. Customer will receive a cost estimate before any repairs are implemented and have the option of accepting or foregoing re-core repairs.
