Padded Girdle Measurement Form

The Padded Girdle is slightly adjustable however, for proper function they are custom sewn to conform to the body of a particular user. If you have multiple users with different body measurements, you will need a separate girdle for each user. For accuracy, have another person take measurements with a cloth tape. Tape should be snug but not tight. Do not use clothing measurements. Use a separate form for each girdle.

Name: _____ Company: _____ Phone: _____ Email: _____
